EXPERIENCE

Ontario Digital Service · Full Stack Developer
September 2020 - December 2020

Developing inclusive and useful products for Ontarians

Ontario Digital Service · Product Designer
January 2020 - April 2020

Redesigned and developed an inclusive user interface in Figma and React.js, allowing 5 million users to renew government ids annually

Designed Ontario's COVID-19 information sites (covid-19.ontario.ca) in Figma and created reliable data visualizations in React.js with ApexCharts which had 1.25 million viewers one week after launch

Microsoft · Software Developer
July 2019 - August 2019

Developed an inventory tracker for internal use by over 2,000 employees, reducing the request processing time for marketing materials by over 85%

Presented the beta launch of the inventory tracker to over 800 employees at Microsoft Canada's Annual General Meeting

PROJECTS

Six Degrees of Spotify /six-degrees
Java, Spring Boot, Vaadin, Neo4j, Cypher · April 2020 - Present

Built a web application using the Vaadin framework to show that artists are typically separated by six or fewer collaborations songs

Maintained a Neo4j graph database with over 400,000 artist collaboration relationships parsed from the Spotify API

Created unit and integration testing suites to ensure proper search results and a quality user experience

thumb · Camp Figma /figma-thumb
JavaScript, TypeScript, React.js · August 2020

Developed a Figma plugin that generates an inclusive thumbnail for a Figma file based on user selections

boba buds · StarterHacks
Figma, Illustrator · January 2020

Designed an award-winning bubble tea themed social media platform in Figma out of 1,000 participants

EDUCATION

University of Waterloo
Systems Design Engineering (B.ASc)
September 2019 - April 2024

Cumulative Average: 89.0%

Relevant courses: Human Factors in Design, Data Structures and Algorithms

SKILLS

Development
Java, JavaScript, TypeScript, HTML, CSS, C++, SQL, Spring Boot, React.js, Neo4j, Node.js, Docker, Git

Design
Figma, Sketch, Balsamiq, InVision, Origami, Marvel, Adobe Creative Suite

COMMUNITY

Blueprint · Product Designer
August 2020 - Present

Designing in a small, interdisciplinary team to create socially impactful, digital solutions through collaboration with non-profit organizations (uwblueprint.org)

Waterloop · Developer & Lead Designer
February 2020 - Present

Developed components in TypeScript/React.js for Waterloo's Hyperloop team website (waterloop.ca)

Mentored designers in agile, one week sprints to iteratively create mockups for the website in Figma

CUTC 2020 · Lead Designer
December 2019 - July 2020

Led the design team to establish an end-to-end organizational workflow and create a digital presence for the conference which was held virtually for over 2,000 attendees (cutc.ca)
