## WORK EXPERIENCE

### Ontario Digital Service · Full Stack Developer
September 2020 - December 2020

### Ontario Digital Service · Product Designer
January 2020 - April 2020

- Redesigned and built a responsive web platform for renewals using Figma and React for accessibility and used by 5 million Ontarians annually by implementing modular components
- Implemented and designed Ontario's COVID-19 informational sites (covid-19.ontario.ca) under strict deadlines which were viewed by 1.25 million people in one week after launch
- Developed data visualizations targeted at the public for Ontario's COVID-19 statistics in React using ApexCharts

### Microsoft · Designer & Software Developer
July 2019 - August 2019

- Developed and designed an inventory tracker for internal use by over 2,000 Microsoft employees, increasing efficiency by 85%
- Presented the beta launch of the inventory tracker to 800 employees at Microsoft Canada's Annual General Meeting

## PROJECTS

### Six Degrees of Spotify · Personal Project
*Java, Spring Boot, Neo4j* · April 2020

- Created a graph database and algorithms to demonstrate that musicians are six, or fewer, collaborations away from each other by using Spring Boot, Neo4j, and the Spotify API

### boba buds · StarterHacks
*Figma, Illustrator, Flutter* · January 2020 - Present

- Designed a bubble tea social media application in Figma by analyzing over 100 survey results to meet user needs
- Awarded the Best Pitch Award out of 1,000 participants
- Currently developing the mobile application in Flutter

### Pokédex Explorer · Personal Project
*React, JavaScript* · June 2020 - Present

- Created a responsive web application using the PokéAPI to catalogue Pokémon in a Pokédex to learn more about them, and search for specific characteristics

## SKILLS

### Design
Figma, Sketch, Balsamiq, InVision, Origami, Marvel, Adobe Photoshop, Adobe Illustrator, Adobe XD

### Development
Java, C++, JavaScript, React, HTML, CSS, Spring Boot, SQL, Neo4j, Git, REST

## EXTRACURRICULARS

### Waterloop · Web Designer & Developer
February 2020 - Present

- Redesigned components in Figma and developed them in TypeScript and React to be used on the team page of the new website (waterloop.ca)

### CUTC · Lead Designer
December 2019 - Present

- Led the design team to define a cohesive digital presence for the 2020 Canadian Undergraduate Technology Conference (CUTC) theme "Reconnect" which is held virtually for over 500 attendees
- Established an end-to-end organizational process by emphasizing deliverables such as website designs, and mobile app UX/UI designs
- Facilitated design handoffs and collaboration with developers by outlining design components

## ACHIEVEMENTS

- Lieutenant Governor's Community Volunteer and Involvement Award (2019)
- Duke of Edinburgh Silver Award (2017)
- SHAD Fellow (2017)

## EDUCATION

### University of Waterloo
### Systems Design Engineering (BASc)
Expected Graduation 2024

**Relevant courses:** Digital Computation, Data Structures and Algorithms, Human Factors in Design
