Work Experience

Microsoft · Jul 2019 - Aug 2019

Product Marketing Manager Intern

- Created an inventory tracker for internal use for 2000+ Microsoft employees to manage marketing materials between administrators and employees
- Developed and designed two budgeting web applications for enterprise and student markets by prototyping in Sketch and coding in JavaScript and React.js
- Collaborated with project stakeholders to standardize the workflow and architecture of enterprise products
- Used Azure cloud computing, artificial intelligence, machine learning, and other Microsoft products like Power BI and PowerApps to visualize data for customers

Self-Employed · Sep 2016 - Aug 2019

Freelance Designer

- Created 30+ marketing assets, including a logo worn by 1000 students and staff at Thornhill Secondary School
- Executed branding strategies for community projects through logo creation and graphic design with Adobe Photoshop and Illustrator

Leadership

Thornhill Yearbook · Jun 2018 - Jun 2019

Editor-in-Chief

- Led a team of 26 individuals to create the school yearbook, read by over 700 students and faculty
- Defined an end-to-end organizational process emphasizing deliverables such as sketches and layout designs while meeting strict club deadlines
- Designed 68 of 136 pages, considering feedback from fellow members and work from previous years

YRDSB (Taipei, Taiwan) · Jul 2018 - Aug 2018

Teaching Assistant

- Taught English to 90 grade 7 students in conjunction with ESL teachers and peers by drafting in-class activities
- Assessed strengths and weaknesses of students to modify lesson content, enhancing overall student comprehension

Skills

Development

Java, JavaScript, HTML5, CSS, Microsoft Azure, Git, Python, C++, Agile (Scrum)

Design

Sketch, Photoshop, Illustrator, Figma, Invision, Storyboarding, AutoCAD, SolidWorks

Education

University of Waterloo

B.ASc. for Systems Design Engineering
Expected Graduation 2024

Projects

Tetris · Aug 2019

JavaScript, React.js, CSS

- Utilized React.js and custom hooks to make a Tetris game

WiseFoods (TOHacks) · Jun 2019

JavaScript, Bootstrap, Java, Photoshop

- Prototyped a barcode and inventory tracker in Java and designed mockups in Photoshop

Blackjack · May 2019

Java, Sketch

- Created a Blackjack game using Java, and sketched user interface and flow

Mediport (HOSA) · Mar 2019

Sketch, Photoshop

- Created mockups of app to develop a solution to make medical processes more efficient in Sketch and Photoshop
